Dear customer,

## Notice of product name / tablet specification / package change

We sincerely thank you for your patronage of our products.

The change of the manufacturing method of the tablet and the product changed from the nutritional supplement to the nutrient functional food (calcium), so the name of the product, the specification of the tablet, the package will be changed accordingly.

Specifications of the tablets will be changed, but the ingredients / contents are absolutely unchanged, it is the same product as before. The price also does not change.

In addition, the product will be manufactured at the GMP certified factory and we will strive to further improve the quality.

Although I think that there are incomplete points etc. at the time of product changeover, thank you for your understanding and acknowledgment.

Best regards.
